

Please put in a card of opposition to HB 4115 on behalf of my client, the Michigan Sheriffs' Association (MSA). MSA understands that the impetus of this bill is to allow for greater economic activity in our state. MSA believes, however, that this bill will result in drunk drivers driving through multiple jurisdictions on their way to after hours bars and home again. This activity will put innocent people at risk no matter the city, village, or township in which they live.

HB 4115

Oppose, not wishing to speak.

Matt Saxton, Executive Director

Michigan Sheriffs' Association
